Dear Sir:

Responsive to the Election/Restriction Requirement dated June 2, 2004, Applicant elects invention of Group I, claims 1-25, drawn to an inline produced advertising packet, without traverse.

The Examiner is correct that two(2) inventions are present, and Applicant elects 1-25 without traverse. However, it is respectfully submitted that it would not have been an undue burden for the Patent Examiner to search both inventions at the same time.

It is believed that no fee is due. Should that determination be incorrect, however, the Examiner is hereby authorized to charge any deficiencies to our Deposit Account No. 19-2105, and notify the undersigned in due course.

Serial No. 10/624,898

Should any outstanding formal matters or other issues remain, the Examiner is requested to telephone Terrence Brown to resolve such.

Respectfully submitted,

Date:
